Music Information:

If you own the music you would like in your slide show, we include that at no charge to you. Simply send the CD's with your order. We are able to accept burned CD copies and music in MP3 format. We can also purchase the music on your behalf for \$2.00 each. (Note: If you do not provide music for us to use that is yours you will be charged \$2.00 per song) Please include the appropriate amount of music with your slide show based on the package you purchase. While creating your DVD, if we find the song you have chosen is too long for the amount of pictures you have selected (meaning that the pictures will show on the screen too long) we will fade the song out at the end. All CD's will be returned with final product.

Please indicate below which songs you'd like to include and what pictures they should be shown to.		
Song Title	Location	Slides Played During
Example: I Will Be Here	Stephen Curtis Chapman / Track 4	001-036

Transition Preference: Transitions are how your slide shows move from one picture to the next. Some people prefer an elegant fade in / fade out for slower songs; some prefer faster, livelier transitions for up-tempo songs, while others prefer a mix.

Mailing Instruction: Please number your photographs on the back using a sticky note & pencil in the order that you would like them to be displayed. When sending them, we recommend that you would place them in a ziplock baggie or envelope. We also recommend that you send the photographs in a box to prevent bending. If sending in an envelope, it may be helpful to line the envelope with cardboard and to mark the envelope, as PHOTOS - DO NOT BEND on the package. You may submit your order form and pictures to: 518 Entertainment 1133 Barber Drive Schenectady, NY 12303
